## Rug Art

Turn the ground beneath your feet into an explosion of colour and creativity with Jaipur Rugs. The brand's new collection Chaos Theory by Kavi, traces beauty in nature's seemingly cluttered patterns. The floor coverings range uses classic colour palettes to bring out the patterns and motifs. What's special about this collection is that each rug benefits over 180 artisans in rural India. Another reason why these artworks for the floor stand out is that they have been crafted from the finest hand carded, hand spun wool and bamboo silk.
